General and Revenue Secretariat | File No | of 1941-42 | [App I III-2

Serial No

From the Dy of P H
Letter No C57-25 dy 10/42

Requests sanction in the circumstances stated to the purchase of the pumping plant for the Belur water Supply at a total cost of Rs 5282 including the cost of erection which amounts to Rs 500 against the sanctioned enhanced cost of Rs 4614/-

1) An enhanced provision of Rs 2500/- was made for the purpose in the revised estimate for Rs 50540/- for the Belur water Supply scheme The provision was further raised to Rs 4614/ according to Govt dy 11 th Nov 1941, including the cost of erection amounting to Rs 500/-

2) As the Supplying firm M/s Richardson & Cruddas Ltd has sold out the machinery in the meantime, quotations were called for thro' the SPC and orders for the same at a cost of Rs 4212 only were placed with M/s Kirloskar Bros Ltd, who have also sold out a part of the machinery viz 2 HP motor & starter and they now offer instead a 25 HP motor & Starter at a cost of Rs 5300 including the cost of erection of the plant against the provision of Rs 4614/

3) As the prices of the machinery are going up the DPH requested the Sanitary Engr to place orders with the firm immediately in anticipation of Govt Sanction

4) It is not known however whether a reason from the SPC does not prevent M/s Kirloskar Bros Ltd could violate the terms of the order placed with them by a Dept of the SPC may perhaps be consulted in the matter in the first instance Asked for orders

Sir

Re Pumping set required for Belur Water Supply

T

Adverting to Government Order No L 3777-81/M1 77-41-4 dated 11-11-1941 sanctioning the purchase of pumping machinery for the above water supply at a total cost of Rs 4,614/- as against the provision of Rs 2,500/- in the estimate, I have the honour to state that the Sanitary Engineer in his No 1005 dated 5-1-1942 intimates that the suppliers Messrs Richardson & Cruddas, Ltd , had in the meanwhile sold out the machinery and that fresh quotations were called for through the Stores Purchase Committee and orders were placed for the machinery with Messrs Kirloskar Bros Ltd , at a cost of Rs 4,212/- which is about the same as the cost of the machinery which was proposed to be purchased from Messrs Richardson & Cruddas,Ltd , in the first instance

Messrs Kirloskar Bros Ltd , are reported to have since intimated that the 20 H P and starter included in the machinery have been sold out and that they now offer a 25 H P motor and starter The Sanitary Engineer reports that the cost of the machinery will now come to Rs 4,782/- and that including a sum of Rs 500/- for erection the cost of machinery will be Rs 5,300/- as against the sum of Rs 4,614/- mentioned in the Government Order of 11-11-1941 referred to above A copy of his letter is enclosed

As the cost of the machinery is going up from day to day I have this day permitted the Sanitary Engineer to place orders with the firm immediately at a total cost of Rs 4,782/- in anticipation of sanction

I request you to be so good as to obtain and convey sanc-

sanction of Government to the purchase of the machinery at the increased price of Rs 4,782/- which including the cost of erection viz Rs 500/- will come to Rs 5,282/- as against Rs 2,500/- provided in the estimate The action taken to place orders in anticipation of sanction may kindly be approved

I have the honour to be,
Sir,
Your most obedient servant,
S Sabaratnam
for Director of Public Health

TS

Letter No 1005 dated 5-1-1942 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Re Pumping Set required for Belur Water Supply

I have the honour to state that in the estimate sanctioned for the Belur Water Supply, an amount of Rs 2,500/- has been provided for the purchase of the pumping machinery Quotations for the same were called through the Stores Purchase Committee, and since the cost of the machinery that was then available was higher than the provision in the estimate, orders were sought to purchase the machinery at the higher cost, and in Government Order No L 3777-81/77-41-4 dated 11-11-1941 sanction has been accorded for the same

In the meanwhile, however, the machinery that was offered in the above case, namely, by Messrs Richardson & Cruddas, Ltd , was said to have been sold out, and hence the Secretary, Stores Purchase Committee, was requested to call for fresh quotations In Local Indent No 6451 dated 11th December 1941, the machinery was ordered from Messrs Kirloskar Bros Ltd , and the total cost according to this order was Rs 4,212/-, which is about the same as the cost of the machinery which was proposed to be purchased from Messrs Richardson & Cruddas, Ltd , in the first instance

Since receiving the above indent Messrs Kirloskar Bros Ltd , have intimated that the 20 H P Motor and Starter included in the above Local Indent have been sold out and they now offer a 25 H P Motor and Starter but the cost of the present unit is Rs 570/- more than that of the previous unit, so that the total cost of the machinery offered at present will be Rs 4,782/-, including a sum of Rs 500/- for erection the cost of machinery will be Rs 5,300/- as against the sum of Rs 4,614/- which is mentioned in the Government Order sanctioning the extra cost

The cost of machinery is going up from day to day, and it is anticipated that any delay in placing orders for the available machinery may cause the same also to be sold out, and hence I request your immediate orders to accept the present offer consisting of a 25 H P motor and Starter at a total cost of Rs 4,782/-
